1. Only SSCC events will count for the (overall) SSCC Club Championship.		
All MSA approved events, which are open to SSCC members, count for the SSCC championships in specific disciplines (Off-Road Championship, Scottish Rally Championship, Speed etc) In allocating points, your position including non SSCC members are considered. Points earned organising or marshalling do not count towards the Club Championship but are included in the Marshalling Championship.		
2. In Autosolos and Production Car Autotests where passengers are carried, passengers do not score points.		
3. When AutoSolos, AutoTests and PCAs are run together on the same tests then only the fastest time in all 3 events scores 12 points (24 for SSCC events)		
3. On rallies, Drivers and Navigators score points independently. Points for Targa Rallies will be included in the Rallies Championship.		
4. Class amalgamations for Club Championship points purposes must be declared before the event starts.		
5. Ties will be resolved in favour of the competitor who counts most 12s (24s for SSCC events) in his/her final score, failing which most 10/20s, then 8/16s and so on. If this fails to resolve the tie, it will be awarded in favour of the competitor who has scored most points earliest in the season.		
6. Points must be claimed by informing the Championship Co-ordinator. Points must be claimed by one month after the event		
7. Only the best 8 scores count towards the Championships (except Marshalling)		
8. There will be a separate Marshalling Championship. Organising, officiating and marshalling on any MSA approved events count. Points must be claimed by sending an email stating the event name and date to the Co-ordinator. Each competition day counts as a separate event on multiple day events.		
Board directors and officials are not eligible for the marshalling championship
